TRIA-Territorio della Ricerca su Insediamenti e Ambiente. Special Issue: Engendering Habitat III. Facing the Global Challenges in Cities.

Editors: Sonia De Gregorio Hurtado e Inés Novella Abril.

ISBN: 1974-6849 (print), 2281-4574 (online)

This special issue of TRIA compiles a selection of articles based on contributions and research presented during the International Congress “Engendering Habitat III”, hosted in Madrid in October 2016. The texts are proposals and experiences undertaken from Southern European countries and Latin America. The general approach is to analyse and give response to the contemporary challenges that cities are facing, with a focus on gender issues and the promotion of equal opportunities between men and women.
